

PROCEEDINGS OF THE SIXTH CONGRESS OF THE

SOUTH AFRICAN GENETICS SOCIETY

held at

PRETORIA UNIVERSITY

19-21 October 1977

VERRIGTINGE VAN DIE SESDE KONGRES VAN DIE

SUID-AFRIKAANSE GENETIESE VERENIGING

gehou aan

DIE UNIVERSITEIT VAN PRETORIA

19-21 Oktober 1977

CONTENTS / INHOUD

OPENING SESSION / OPENINGSSESIE

Welcoming address: Prof. E.M. Hamman	2
Presidential address: Dr. Jan H. Hofmeyr. Genetics - Man and Beast	4
Invited Lecture: Prof. H.E.H. Patterson. A flaw in the argument for the reinforcement of positive assortative mating.	17

MICROBIAL GENETICS / MICROBEGENETIKA

Some Genetic and biochemical aspects of bluetongue virus temperature-sensitive mutants : S.O. Shipham & Marlene de la Rey	33
Isolering van Kollagenase mutante P.J. Robbertse, D.R. Woods, A. Reay & F.T. Robb	46
Genes cloned on hybrid plasmids can be expressed in vitro. : Jennifer A. Thomson (Abstract)	51
Co-transduction of Morganocinogenic Plasmid 174 and R factor R772 : J.N. Coetzee, Kathryn Krizsanovitch - Williams and J.A. Williams (Abstract)	51
Die fisiese kenmerking van bakteriofaag 500617 : W.F. Coetzee & G.H.J. Pretorius (Abstract)	52

PLANT BREEDING / PLANTETEELT (1)

Artificial induction of flowering in a sugarcane breeding programme K.J. Nuss & P.G.C. Brett	54
The use of a physiologic model for the genetic improvement of grain protein in a spring wheat cross : I.B. Edwards & J.A.M. van der Mey	65
'n Intergeneriese baster uit die kruising Broodkoring (Triticum aestivum L. Em Thell. V. Gestivum CV. Chinese Spring) x Strandkoring (Agropyron distichum (Thumb.) Beauv.) : R. de V. Pienaar,, H.S. Roux, E.C. Vermeulen & M.G. Lombaard	76
Heterosis in Durum wheats : R. de V. Pienaar, H.S. Roux & J.H. Louw	84

ANIMAL GENETICS / DIEREGENETIKA

Erflike afwykings van die geslagsorgane en die genetiese agtergrond van vrugbaarheidssteurnisse by beeste : D.R. Osterhoff	94
Genetic markers in the blood of different goat breeds : S.M. Schoeman & D.R. Osterhoff	105
Neonatal isoerythrolysis in cattle - a man-made disease produced by blood vaccines : D.R. Osterhoff & A.J. de Vos	111
Animal disease syndromes and genetic prophylaxis using biochemical markers : D.R. Osterhoff	117
Further data on the inheritance of Jersey laminitis : E.H.H. Meyer (Abstract)	128

HUMAN CYTOGENETICS / MENS-SITOGENETIKA

Die ultrastruktuur van chromatien fibril vouing gedurende mitose en die meganisme van chromosomale bande : A.E. Retief	130
Die gebruik van S - bromodeoksiuridien (BUdR) tydens DNA sintese vir die differensiele kleuring van chromosome : P.A. Venter & A.E. Retief	136
Chromosomale ondersoeke van buiswangerskappe en miskraamweefsels by die mens : G.M. Kotze & A.E. Retief	145
Genetic studies on a mentally retarded male child with an X;Y translocation : Renee Bernstein, Joan Wagner, Joy Isdale, G.T. Nurse, A.B. Lane & Trefor Jenkins	152

PLANT BREEDING AND CYTOGENETICS / PLANTETEELT EN SITOGENETIKA

Graansorghumaanpasbaarheid : P.J. Robbertse	158
The influence of the daylength on the relationship of sexual and asexual embryosacs in <i>Eragrostis curvula</i> (Schrad.) Nees. Kathe Brix	170

POPULATION GENETICS / POPULASIEGENETIKA

The Pgm locus in <i>Baetis harrisoni</i> (Jusecta : Ephemeroptera) : J.D. Agnew	180
Population genetic studies on albinism in the South African negro : Jennifer G.R. Kromberg & Trefor Jenkins	184
Genetic structure and maximum mean fitness : C.Z. Roux (Abstract)	200
A genetic approach to the variable taxonomic species <i>Anopheles marshallii</i> : D.M. Lambert (Abstract)	200
No evidence for linkage disequilibrium between BI and GLO in African negroids : H.W. Hitzeroth (Abstract)	200

HUMAN GENETICS / MENS-GENETIKA

Chromosome anomalies and mental retardation : preliminary report of a survey : H.J. Grace & F.E. Ally	202
Antenatal diagnosis : results and possible future development : Molly Nelson	206
Omvattende genetiese dienste : Johann Op't Hof	209
The knowledge and attitudes of the public, nurses and medical practitioners in South Africa with regard to genetic and congenital disorders : Sarina Lemtruo & Johann Op't Hof	211
The Herero-speaking peoples of southern Africa: their inter-relationships and history as revealed by genetic studies : T. Jenkins & G.T. Nurse (Abstract)	223

PLANT BREEDING / PLANTETEELT (2)

Die evaluering van mielie materiaal vir kopvrotte : J.M.P. Geerthsen, Annabel Gill & A.P. Hugo	225
Die regresielyn evalueringsmodel van genotipe-omgewingswisselwerking in teling : J.M.P. Geerthsen (Abstract)	232
Response to selection for ear-length in barley crosses : H. Ackermann & J.H. Louw (Abstract)	232
